

## THE AGOSTINELLI RESIDENCE

1011 GREENBRIAR DRIVE  
STATE COLLEGE, PENNSYLVANIA

The upper main level of this large home is accessed from the street and includes an extensive lower level designed for large party entertainment. At the rear of the house, the lower level opens to a terrace facing the golf course of the Centre Hills Country Club.

Besides formal living and dining spaces, the main level incorporates a "great room" with a cathedral ceiling, skylights, and fireplace. This "great room" opens to a partially covered deck, which will accommodate exterior dining, located above the terrace at the rear of the home.

The brick exterior with arched window and door openings and the barrel tile roof provide a unique identity and architectural presence for this residence situated among the many large luxurious homes of the neighborhood.

Owner: Raymond & Rose Agostinelli  
Key Project Staff: John C. Haas, AIA  
Completion Date: 1989
