

**LYCOMING COLLEGE RECREATIONAL CENTER,
WILLIAMSPORT, PENNSYLVANIA**

For the use of students, the new Recreational Center addition includes a gymnasium with four full-size basketball courts and a 3,340 sq. ft. weight room on the lower level, a 2,840 sq. ft. exercise room and 1/8-mile circular jogging track on the upper level. A new dramatic two-story entrance lobby is entered from an extensive exterior terrace which also serves as a gathering place for public events.

Although the new Recreational Center addition is a very functional building, its exterior has been carefully designed, in terms of its architectural vocabulary, to be compatible with the existing traditional architecture throughout the Lycoming College campus.
